

Water Rates

L.A. Water Cooperative

Effective: July 2026 Statement

Rate Code	Reservoir	Base Fee	Zero to 15,000	15,001 to 20,000	20,001 & Above
001	Inactive, yearly	\$500			
004	Salsbery	\$60	\$8.48	\$11.68	\$21.87
005	Jordan	\$60	\$7.77	\$10.97	\$21.17
006	Olson Road	\$60	\$9.33	\$12.54	\$22.73
007	Cox	\$60	\$7.77	\$10.97	\$21.17
008	Roe Barn	\$60	\$7.88	\$11.08	\$21.45
009	Astleford	\$60	\$8.05	\$11.26	\$21.59
010	Cook	\$60	\$8.15	\$11.35	\$21.55
011	Bald Peak	\$60	\$9.66	\$12.86	\$23.05
012	Gammon	\$60	\$9.36	\$12.58	\$22.75
013	Rossmann	\$60	\$8.98	\$12.18	\$22.37
014	Muddy Gulch	\$60	\$8.32	\$11.53	\$21.70
015	Lambert	\$60	\$8.04	\$11.25	\$21.44
016	Inactive, monthly	\$50			
017	Sunrise Peak	\$60	\$10.72	\$13.93	\$24.12
018	Dixon Mill	\$60	\$9.54	\$12.74	\$22.94
019	Poppy Drive	\$60	\$8.84	\$12.04	\$22.23

Billing Calculation Examples

If you are served by the Sunrise Peak Reservoir and your water use for the month is 8,250 gallons, you would calculate your bill as follows:

Base fee: \$60.00
 8,250 gallons @ 8.25 X 10.72 = \$88.52
 Total Bill: \$60.00 + \$88.52 = \$148.52

If you are served by the Jordan Reservoir and your water use for the month is 8,250 gallons, you would calculate your bill as follows:

Base fee: \$60.00
 8,250 gallons @ 8.25 X 7.77 = \$64.10
 Total Bill: \$60.00 + \$64.10 = \$124.10

If you are served by the Gammon Reservoir and your water use for the month is 23,300 gallons, you would calculate your bill as follows:

Base fee: \$60.00
 15,000 gallons @ 15. X 9.36 = \$140.40
 5,000 gallons @ 5. x \$12.58 per thousand gallons = \$62.90
 3,300 gallons @ 3.3 x \$22.75 per thousand gallons = \$75.07
 Total Bill: \$60.00 + \$140.40 + \$62.90 + \$75.07 = \$338.37
